

Regional Service Center — Philippines

Quality Steam Plant, Environmental and Cooling Tower Parts and Services

Babcock & Wilcox (B&W) operates a regional service center located in the Province of Batangas to serve our customers located throughout the Philippines and neighboring countries.

A wide range of rebuild, refurbishing and inventory services is available to meet your specific needs while minimizing lead times and costs. Our service center can provide the support you need for continued efficient and profitable plant operation.

Our service center is supported by highly qualified design, engineering and manufacturing personnel to ensure component quality. We have experience working on B&W and non-B&W equipment.

Benefits

- Quality components at an economical value
- Component life extension for long-term operation
- Minimized lead times for scheduled and unscheduled outages
- Multi-brand capabilities
- Order consolidation for more efficient project management
